

Brighter Beginnings CDC

APRIL

Here's What We are Learning!

The Baby Bees are busy exploring their classroom and are beginning to have lots of fun in their Ball Pit!

The Caterpillars, Butterflies, and Grasshoppers are learning about Nursery Rhymes, Things in the Sky and Things that Go! And Pond Life!

The Red Robins are focusing on Adventures and Stars! They will learn about outer space adventures, and will go on a Lion Hunt!

Center Updates!

We have completed all of our renovations! Yay! We now have a new Two Year Old class, The Grasshoppers, and it is already FULL! We have a few openings left in our 3/4's class and we are almost completely full AND we have a waiting list for most classes! We are truly grateful for all of you trusting us with your precious little ones!

April 12th – April 16th is the NAEYC Week of the Young Child. We will do fun activities each day! Make sure you follow our Facebook page to see pics of our activities!

Important Info!

We are asking everyone to send sunscreen and bug spray for outside time. Please label your child's items. We also need everyone to have TWO sets of change of clothes. We are having lots of accidents and we are having to call parents to bring clothes.

Reminders!

Children must arrive by 8:30 a.m. in order to eat breakfast and our arrival cut off time is 9 a.m. If you are running late or will be absent, please message us via Brightwheel after 7 a.m. Please make sure you sign your child IN and OUT daily!
